Nor°easter Apparel embodies all the unmistakable attributes of the wild storms that come from the north east and frequent our coast lines. Nor°easterners are powerful, fierce and often unpredictable. These attributes have become our message—calling all east coasters to wear the words with pride and conviction.

Easterners are friendly, kind, enjoy a good laugh, and we’re intensely proud of our roots. We believe the east coast is the best coast. No matter how far we go we never lose the strong connection to our home.

We are bold. We are fierce. We are a force of nature. We are Nor°easter's.
